In 2012 the Bridlington, Driffield & District RSPCA found new homes for 95 unwanted dogs some of which came into our care through the local authority Dog Wardens and some via the RSPCA Inspectors as a result of calls from concerned members of the public, 169 cats and kittens, many of which were handed in as strays including pregnant females, 31 rabbits and 63 other small animals and birds.

Some of the animals we helped came from outside our area because the RSPCA in their area were already full and could not take them in.

We also caught and neutered 26 feral cats to prevent further litters of kittens and helped 146 dog owners, 198 cat owners & 6 rabbit owners with the cost of having their pets neutered as they could not afford the full cost and this also reduces the number of future unwanted litters.

We tested all cats for feline leukaemia of which only a small number tested positive. We had a very proactive year micro-chipping animals and 1240 dogs, 722 cats & 40 rabbits & other animals benefited from this service. We provided all the chips and local vets provided the service for just £5.

This will help considerably in reducing the number of pets that end up being a stray.

All this work together with the care and boarding fees costs a staggering amount of money. We currently have to raise over £3500 each week to cover our costs.

Our fund raising volunteers do a sterling job but we still need the help and support of local people who care about animals to help us as well.

Could you help us by joining our local branch Lottery? It costs £1 a week (14p a day) and each month we draw three numbers which win a cash prize of either £50 or £20.

If you can help us, please complete the form overleaf and either send it to or hand it in at our charity shop. We will then send you a mandate to complete for your bank. Thank you for your support.

Thank you for your help to help us help animals in need in this area.
